

CS2020

# Data Structures and Algorithms

**Welcome!**

# Introductions

---

Seth Gilbert

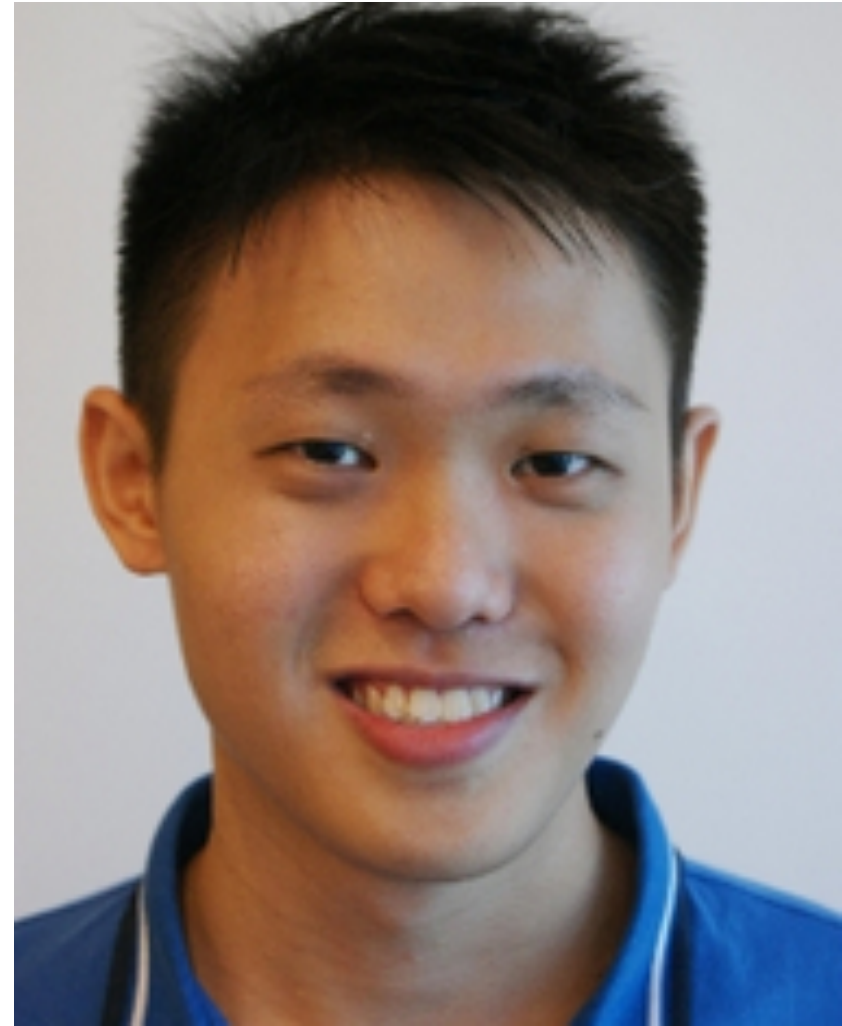

- Asst. Professor in the CS Department
- Office: COM2-3-23
- Office hours: Wednesday, 4:30-5:30pm
- Research interests: distributed algorithms

# Introductions

---

Tutors: Benedict Liang

I learned to fly before I  
learned to drive.

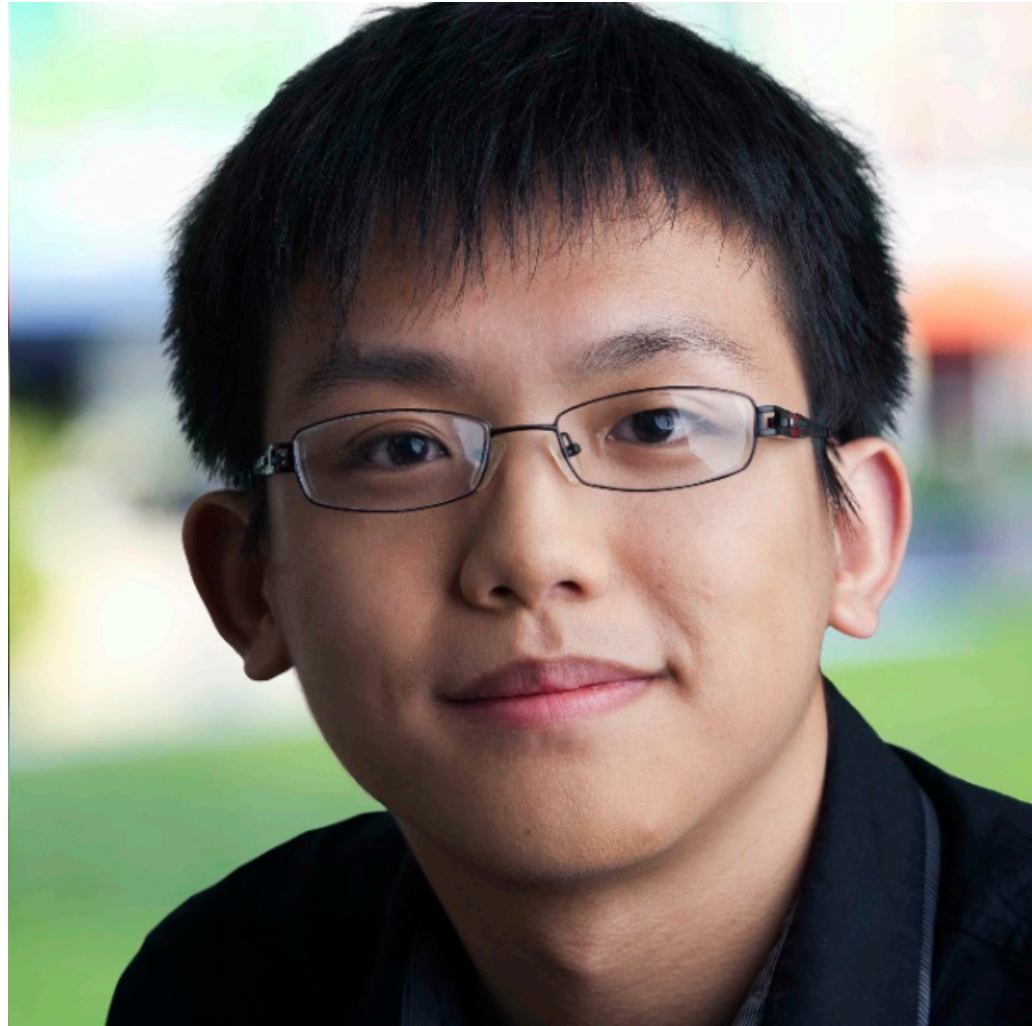

# Introductions

---

Tutors: Chen Mingqi

No, I don't 'speak' C.

Not even "hello world".

# Introductions

---

Tutors: Eldric Liew

*< This field intentionally left blank >*

# Introductions

---

Tutors: Joel Low

I'm strongly of the opinion that Java  
is Java done wrong.

But I still use it anyway.

# Introductions

---

Tutors: Khor Shi-Jie

I am pretty good at playing bridge :)

# Introductions

---

Tutors: Michael Yong

I tutored two of the current  
tutors :p

# Introductions

---

**Tutors: Richard Gaulter**

Enjoys reading, and playing computer games, and probably does each a bit too much instead of studying.

# Introductions

---

Tutors: Wang Boyang

I've never written a single line of code before my first CS1010 class.
